*Dear Graduate Student,*

*It is the policy of the Department of Education that all 598s (internship) shall be organized around specific, clearly-defined objectives in order to ensure that masters candidates work from a plan and make steady progress toward graduation. To that end, we ask you to take a few minutes to identify the goals for your 598 course this semester. This listing then forms a contract between you and your advisor. Your grade for the course will be based on the extent to which you fulfill the terms of your stated objectives. You are required to check in with your advisor at least four (4) times during the semester to update her/him on your progress. These updates should occur at regular intervals. Weekly updates are preferable. Thank you for your cooperation!*
