Dear Graduate Student,

It is the policy of the Department of Education that all 690s (thesis work) shall be organized around specific, clearly-defined objectives in order to ensure that doctoral candidates work from a plan and make steady progress toward graduation. To that end, we ask you to take a few minutes to identify the goals for your 690 course this semester. This listing then forms a contract between you and your advisor. Your grade for the course will be based on the extent to which you fulfill the terms of your stated objectives. You are required to check in with your advisor regularly during the semester to update her/him on your progress. Please consult with your advisor to set up a schedule.
