# The Century Club

---

**M**ontana State University faculty who teach classes of 100 or more students per section play, by virtue of their exposure, a vital role in shaping the educational experiences of many of our students. Under the auspices of MSU's Teaching & Learning Committee, these faculty are invited to participate in what we are calling "The Century Club."

**Having taught three or more of these large classes since 2007, we would like to extend a Century Club invitation to you to attend an inaugural luncheon meeting with the President.**

The purpose of this inaugural meeting, hosted by President Cruzado, is to gauge interest, suggest topics for future discussion, and to set an agenda for the next year.

We hope you will join President Cruzado and members of the Teaching & Learning committee for lunch and an opportunity to share ideas and conversation about the key role you and other faculty have in so many of MSU students' experiences.

**Thursday, May 6, 2010**

Room 235 SUB

Discussion: 12:00-1:00 p.m.

Lunch will be served

Please RSVP to [annea@montana.edu](mailto:annea@montana.edu) by Tuesday, May 4, 2010.
