

Using Concept Maps and Other Nonlinguistic Representations to Increase Student Learning

Friday, November 2, 2012

Lunch served: 11:45 a.m.

Presentation: 12:00-12:55 p.m.

Location: SUB 235

This workshop will provide a variety of instructional strategies (such as concept maps, idea webs, data patterns, and 3-D models) that can help students incorporate words, images and symbols to represent new material and relationships and deepen their understanding.

Presenter: Jayne Downey, Department Head, Department of Education

This session will be recorded and posted at the [Faculty Excellence event webpage](#) shortly after the event.

Registration is required by 5:00 p.m., Tuesday, Oct. 30. [Click here to register.](#)

Questions should be directed to Anne Angermeyr, Office of the Provost, annea@montana.edu or 994-7136.
